

Student use of the Internet (Acceptable Use Agreement)

In order to provide for the appropriate use of the Internet in keeping with Board of Education policy, the following "Acceptable Use Agreement" has been developed. (A copy will be distributed to students and parents for signature before a student is issued an Internet account.)

Terms and conditions

All computers having Internet access must be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this Agreement will result in revocation of the access privileges.

1. **Acceptable use:** The use of your Internet account must be consistent with the educational objectives of the Deer Trail School District. Transmission of any material in violation of any U.S., or state regulations is prohibited. This includes, but is not limited to:
 - a. Copyrighted material
 - b. Threatening or obscene material
 - c. Material protected by trade secret.

2. **Privilege:** The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator(s) will deem what is inappropriate use and that decision is final. The system administrator(s) may close an account at any time, as required. The administration, faculty and staff may request the system administrator(s) deny, revoke, or suspend specific user accounts.

3. **No Warranty:** The Deer trail School District makes nor warranties of any kind, whether expressed or implied, for the service it is providing. The Deer Trail School District will not be responsible for any damages you suffer in using the Internet. This includes loss of data resulting from delays, non-deliveries, mis-delivered or service interruptions. Use of any information obtained via the Internet is at your own risk. The Deer Trail School District specifically denies any responsibility for the accuracy or quality of information obtained through this service.

4. **Security:** Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to log on to the Internet as a system administrator will result in cancellation of users' privileges. Any user identified as a security risk, or as having a history of problems with other computer systems, may be denied access to the Internet.

5. **Vandalism:** Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any agencies or other networks that are connected to the Internet. This includes, but is not limited to, uploading or creation of computer viruses.

INTERNET CONTRACT

I have read the Acceptable Use Agreement and understand that this access is designed for educational purposes and that the Deer Trail School District has taken precautions to eliminate controversial material. I also recognize, however, that it is impossible for the Deer Trail School District to restrict access to all controversial materials and I will not hold the District responsible for materials acquired on the network. Further, I accept full responsibility for supervision if and when my child's use is not in a school setting. I understand and will abide by the Agreement. I further understand that the violation of the regulations set are unethical and may constitute a criminal offense. Should I commit any violations, my access privileges may be revoked, school disciplinary action and/or appropriate legal action may be taken. I have read the terms and conditions carefully and understand their significance.
